

RECOMMENDED SUPERVISORS LIST 2020

One of the course requirements in the Graduate Certificate in Professional Supervision is to be attending monthly supervision on your own work and ministry with an approved Supervisor. You may choose someone from the following list of Recommended Supervisors OR seek approval for a supervisor you know or from whom you are currently receiving professional supervision.

Clinical Supervisors

If you are a counselling or therapy clinician, please ensure you choose a Supervisor who has a counselling/therapy/social work/psychology background.

Pastoral Supervisors

Whilst most of the professional supervisors listed below would be suitable for supervision in the pastoral context, those marked with an asterisk (*) have a particular background, experience, interest and/or training in Pastoral Supervision.

Choosing a Supervisor – avoiding dual relationships.

Choice of supervisor will be determined to some degree by location and availability and who you think will be a 'good fit'. Please also ensure that you don't choose a supervisor who is too 'close' to you e.g. someone who works in your workplace or whom you know as a friend or close peer. Do not choose one of your course trainers as your supervisor while you are on the training program.

Skype supervision is not recommended for the duration of the course, especially for those of you who are new to experiencing supervision. Please check with your trainers if Skype supervision appears to be the only option.
