

RECOMMENDED PROFESSIONAL SUPERVISORS LIST 2023

One of the course requirements in the Graduate Certificate in Professional Supervision is to be attending monthly professional supervision on your own work and ministry with an approved Professional Supervisor OR seek approval for a professional supervisor you know or from whom you are currently receiving professional supervision.

Our Recommended Professional Supervisors are accredited professional supervisors or are eligible to be accredited or recognised professional supervisors with a relevant professional association.

Professional Supervisors for clinicians.

If you are a counselling or therapy clinician, please ensure you choose a Professional Supervisor who has a counselling/therapy/social work/psychology background.

Professional Supervisors for pastoral workers.

Whilst most of the professional supervisors listed below would be suitable for supervision in the pastoral context, those marked with an asterisk (*) have a particular background, experience, interest and/or training in offering Professional Supervision to pastoral workers.

Choosing a Professional Supervisor – avoiding dual relationships.

Choice of a professional supervisor will be determined to some degree by location and availability and who you think will be a 'good fit'. Please also ensure that you don't choose a professional supervisor who is too 'close' to you e.g., someone who works in your workplace or whom you know as a friend or close peer. Do not choose one of your course trainers as your professional supervisor while you are on the training program.

Online professional supervision may not be your best choice for the duration of the course, especially for those of you who are new to experiencing professional supervision. However, under recent conditions and for remote workers we recognise this may be the only available option. Please check with your trainers if online professional supervision appears to be the only option.

MOST SUPERVISORS OFFER ONLINE SUPERVISION – PLEASE CONTACT INDIVIDUAL SUPERVISOR TO CONFIRM THAT THEY DO.

Feedback about our Recommended Professional Supervisors List,

We are happy to receive feedback about any professional supervisor from our recommended list. **While we endeavour to ensure details are accurate, in some cases some details may be out of date.** If you discover any errors or omissions or that a professional supervisor is no longer working, we would value hearing about that. Please contact admin@stmarks.edu.au.

<p>I was ordained over 20 years ago. Since then, I have worked both in Parish and a variety of chaplaincy contexts including, schools, prisons, aged care, emergency services, with the homeless, and in the community. I take a very praxis-based and person-centred focused approach when working with people and am passionate about providing a safe space where people can be listened to and supported so they can reach their full potential and thrive. My lived experience and extensive training enable me to provide a psychologically informed safe space with a rich spiritual and theological rich framework. I am available to meet with people in person in Bendigo, via Zoom, or, a combination of both.</p>
